We believe that the dignified and legally conscious individual is the guarantee of a healthy society and we are working for promoting that.

WE

- Raise awareness on human rights violations and create rapid response mechanisms during crisis situations,
- Create alternative educational opportunities for the young people with a specific emphasis on the youth with fewer opportunities,
- Push for human rights dialogue on national and international levels,
- Promote human rights sensitive narratives in media and wider public,

Կրթության համաչափ զարգացման մասին խոսում են ոլորտի բոլոր պատասխանատուները։ ՀՀ նոր կառավարության ծրագրում ևս սա ամրագրված էր առանձին կեռուվ, սակայն ինչպե՞ս են պատասխանատուները պատկերացնում կրթության համաչափ զարգացումը և կրթության իրավունքի համահավասար իրացումը, եթե, օրինակ, 2007-2013 թթ. պետթյուջեից կրթության ոլորտին հատկացվող գումարները նվազել են 14,98 տոկոսից 9-ի։

Պետության կողմից կրթությանը տրվող գումարը տարածաշրջանում ամենաքիչն է՝ ՀԵԱ-ի 2.5 տոկոսը միայն,
